

Application No. 10/729,340

Docket No.: NY-LUD 5793-US1-CIP

REMARKS

Entry of the amendment is requested.

Claims 13, 92 and 115 remain. All other claims have been canceled.

Claims 13 and 92 have been indicated as allowable. Claim 115 has been objected to for allegedly failure to comply with the sequence rules.

Applicants have previously referred to relevant sections of the MPEP, and the Examiner has not addressed the question of why they do not apply. The format is standard. See, for example, U.S. Patent No. 7,040,502, claim 7; U.S. Patent No. 6,339,140, claim 1; U.S. Patent No. 6,239,256, claims 1 and 2; U.S. Patent No. 6,265,215, claim 2, for example. Many other patents employing the same structure can be provided.

It is believed that claim 115 is in proper form and the objection thereto should be withdrawn.

As all issues have been addressed, allowance is now believed proper.

If any additional fees are due please charge our Deposit Account No. 50-0624, under Order No. NY-LUD 5793-US1-CIP (10315551) from which the undersigned is authorized to draw.
